Hello Robinson & Casey Employee,

By way of introduction, my name is Joshua Chappell. My intent is to apply for the Director of Marketing Strategy at Robinson & Casey. I feel I have a lot of immediate value I can bring to your organization.

This role turns the firm's goals into a plan, runs the campaigns, and reports what they return. That is the work I do. At Charter One I created and led a video initiative that raised click-through rates for running ads by over 200%, and a social media content initiative that drove more than 20x the engagement of standard content. I plan that work with high-level executives, the way this role plans with your CEO and Chief Relationship Officer. At Lightbox Digital I generate leads with Facebook ads and tie on-site call-to-action elements to the Facebook pixel to monitor ad performance. My Master's in Marketing with a Marketing Analytics Specialization is the base for the metrics and ROI reporting this role owns.

Your families reach out in the hardest moments of their lives, so the message has to be clear and kind on every channel. I have built enrollment content for families at Charter One and produced content for healthcare professionals at Grand Canyon Education. I shoot, edit, and design the creative myself, which covers the videography, photography, and graphic design on your preferred list. I have also run a creative vendor business since 2019, where I delivered 98% of projects on time and 92% within budget. I know what good vendor work looks like, and I will hold your website, SEO, PPC, and creative partners to it.

I appreciate that you value honesty, courage, integrity, empathy, perseverance, and service; these are all values that I strive to emulate.

Thank you for taking the time out of your busy day to read my letter. I look forward to the opportunity of doing an interview with you.

Sincerely,
Joshua Chappell
