Hello Cardone Ventures Employee,

By way of introduction, my name is Joshua Chappell. My intent is to apply for the Social Content Creator position at Cardone Ventures. I feel I have a lot of immediate value I can bring to your organization.

Your posting asks for someone confident behind the camera and in the edit. That is the work I have done for seven years. At Grand Canyon Education I delivered 200+ videos over two years that reached millions on TV, paid social, and organic channels. At Charter One I created and led a video initiative that raised click-through rates for running ads by over 200%, and a social content initiative that earned more than 20x the engagement of standard content. I shoot with the final edit in mind, then cut the footage myself. I have partnered with CEOs and executives on projects, so filming leadership is familiar ground. I keep assets organized in Frame.io and Dropbox, which cut search and retrieval time by over 50% and let other editors find what they need. I also build AI content workflows that cut production times in half, and that speed matters when same-day event content is due.

I appreciate that you value being inspirational, accountable, transparent, disciplined, aligned, and results oriented; these are all values that I strive to emulate.

Thank you for taking the time out of your busy day to read my letter. I look forward to the opportunity of doing an interview with you.

Sincerely,
Joshua Chappell
