Hello Turning Point Action Employee,

By way of introduction, my name is Joshua Chappell. My intent is to apply for the Ballot Chaser position at Turning Point Action. I feel I have a lot of immediate value I can bring to your organization.

This work runs on self-direction, relationships, and daily numbers. I ran my own company for six years, which meant setting my own schedule, hitting my own targets, and tracking revenue goals week to week in Excel and Google Sheets. Relationships were the whole job. I built strong relationships with realtors, home developers, and CEOs, generated my own leads, and held 5.0-star reviews for over an entire year. I also organize community events with my local church, which is the same work at neighborhood scale: getting people to show up and follow through. Before that I taught for two years, where I mentored over 90 students a year and organized a community gallery night that brought families in the door. Most recently I produced content for the Arizona Legislature and coordinated with Communications teams across legislative bodies and chambers, so a political environment is familiar ground. I have a valid driver license, reliable transportation, and a record of delivering 98% of my projects on time.

I appreciate that you value being self-motivated, punctual and responsive, ethical and responsible, and willing to try new things; these are all values that I strive to emulate.

Thank you for taking the time out of your busy day to read my letter. I look forward to the opportunity of doing an interview with you.

Sincerely,
Joshua Chappell
