Hello MEM Employee,

By way of introduction, my name is Joshua Chappell. My intent is to apply for the Senior Multimedia Specialist position at MEM. I feel I have a lot of immediate value I can bring to your organization.

Your posting asks for someone to lead your video and digital work. I have done that work since 2019. I plan, script, shoot, light, and edit. At Grand Canyon Education, I delivered 200+ videos over two years reaching millions on TV, paid social, and organic channels. At Charter One, I led video initiatives that drove paid and organic engagement by over 100%.

I run my own production company, Lightbox Digital. I take each project from concept through final delivery, and I delivered 98% of projects on-time and 92% within budget. In 2024, MEM and Previsor became one brand. I can make each photo and video fit that brand. Your posting also asks for someone to track new media. I use Kling, Runway, Midjourney, and Google Veo for a complete AI video workflow. My portfolio and demo reel at the top of this page show my work.

Thank you for taking the time out of your busy day to read my letter. I look forward to the opportunity of doing an interview with you.

Sincerely,
Joshua Chappell
