Hello City of Apache Junction Employee,

By way of introduction, my name is Joshua Chappell. My intent is to apply for the Multimedia Specialist position at the City of Apache Junction. I feel I have a lot of immediate value I can bring to your organization.

Your posting asks for one person who can produce city videos from storyboard to posting and keep photo and video current across the city's website and social media. That is the work I do. As a Video Producer for the Arizona State Legislature, I captured high-end political videos and synchronized with Communications teams across legislative bodies and chambers. At Grand Canyon Education, I delivered 200+ videos over two years that reached millions on TV, paid social, and organic channels. At Charter One, I increased engagement of all school websites by updating the photo and video across all channels.

The role covers equipment upkeep and budgets. I maximized over $1 million of in-house film gear at Grand Canyon Education and stewarded a $30k inventory of photo equipment as a photography teacher. As owner of Lightbox Digital, I delivered 98% of projects on time and 92% within budget.

Thank you for taking the time out of your busy day to read my letter. I look forward to the opportunity of doing an interview with you.

Sincerely,
Joshua Chappell
