Hello Tatum Management Group Employee,

By way of introduction, my name is Joshua Chappell. My intent is to apply for the Marketing Director at Tatum Management Group. I feel I have a lot of immediate value I can bring to your organization.

You run performance-driven campaigns across e-commerce brands and media that reach millions. That is where I work best. I hold a Master's in Marketing with a specialization in Marketing Analytics, plus Google's Digital Marketing and E-Commerce certification. At Charter One, I created a video initiative that raised ad click-through rates by over 200% and a social content initiative that drove 20x more engagement than standard content. As owner of Lightbox Digital, I grew the business with Facebook ads and organic outreach, and I helped double enrollment for a large charter school through a content initiative. I set KPIs, track them in dashboards, and let the data guide creative decisions.

I appreciate that you value innovation, collaboration, and mission-driven work; these are all values that I strive to emulate.

Thank you for taking the time out of your busy day to read my letter. I look forward to the opportunity of doing an interview with you.

Sincerely,
Joshua Chappell
