Hello WhyGen Solar Employee,

By way of introduction, my name is Joshua Chappell. My intent is to apply for the Solar Sales Representative at WhyGen Solar. I feel I have a lot of immediate value I can bring to your organization.

You want people who bet on themselves. I did — I built my own company from zero and ran it for six years. I generated my own leads with Facebook ads, closed $10k in new business by optimizing Google Business, and held 5.0-star reviews for over a full year. Every one of those results came from talking with homeowners, realtors, and executives, earning trust, and following through. I know how to run my own schedule and still hit the numbers, because nobody paid me if I didn't.

I appreciate that you value coachability, competitiveness, and growth; these are all values that I strive to emulate.

Thank you for taking the time out of your busy day to read my letter. I look forward to the opportunity of doing an interview with you.

Sincerely,
Joshua Chappell
