Hello Turning Point Action Employee,

By way of introduction, my name is Joshua Chappell. My intent is to apply for the Media Administrator position at Turning Point Action. I feel I have a lot of immediate value I can bring to your organization.

Your posting asks for long-form editing and social media experience. That is the center of my work. At Grand Canyon Education I delivered 200+ videos over two years that reached millions on TV, paid social, and organic channels. At Charter One I created and led a social content initiative that earned more than 20x the engagement of standard content, and a video initiative that raised click-through rates for running ads by over 200%. I cut long-form documentaries and interviews in Premiere Pro, DaVinci Resolve, and Final Cut Pro, build motion graphics in After Effects, and edit audio in Audition. I have reached over a million people on my own YouTube channel teaching post-production, so I know how long-form performs on that platform from both sides. I also produced video for the Arizona Legislature this year and coordinated with Communications teams across chambers, which means a political newsroom pace is familiar. On the events side of the role, I organize community events with my local church.

I appreciate that you value organization, strong communication, self-starting, and applying feedback to improve; these are all values that I strive to emulate.

Thank you for taking the time out of your busy day to read my letter. I look forward to the opportunity of doing an interview with you.

Sincerely,
Joshua Chappell
